

CRITICAL MOMENT IN RACE NOW!

HONORS JUST ABOUT EVEN; EFFORTS FROM NOW TO NEXT MONDAY MAY TELL THE TALE

If you think you're beaten, you are;
If you think you dare not, you don't;
If you'd like to win but think you
can't
It's almost a cinch you won't.
If you think you'll lose, you're lost;
For out in the world you'll find
Success begins with a fellow's will—
It's all in the state of mind.

Workers in the Wm. Semmler Publications Weekly Payroll subscription campaign have reached the turn, maneuvered themselves into place for the final dash, and from now until the finish will be battling for supremacy under the whip and spur.

With honors thus far equally divided, leading workers are preparing with feverish haste and intensity to make a final dash for victory before 8 o'clock next Monday night, July 6.

The bonus vote which is in effect now and which comes to a close next Monday is positively the last and only bonus vote to be given during the remainder of the campaign and every worker is making a strenuous effort to head the field through this vote.

More general action is taking place this week than at any other time since the race began. Each of the "payrollers" are more determined than ever to be declared winner of first honor.

Interest in the campaign is running high and strong. This is no idle boasting, for there has entered into the contest another and very important feature that has attracted civic pride and community spirit. It has occurred to hundreds in the various communities that to have the honor of first awards coming to their favorite candidate is no matter to be slightly overlooked, and the general consensus of opinion is that their candidate must win.

An Extension Of Time

Because of weather conditions and for the reason that the campaign was a week shorter than these subscription drives always are, owing to a mistake in the date, the campaign will come to a close on Saturday, July 18, one week later than advertised. Second period votes will therefore run until Saturday evening, July 11, at 8 o'clock and from that date until Saturday, July 18, the last week and the closing date, the third period votes will be issued on subscriptions. This extension of time is a real benefit to all the live-wire workers in the race.

A striking feature of the past few days is the personal pride that has become noticeable. Some of the "payrollers" have voiced their determination to win at all hazards. One declared to accept defeat would be a disgrace. Another says she owes it to her friends who have helped her so loyally up to this point, to put forth every effort and draw from every resource to the extent that when the final day of reckoning comes everything will have been done and nothing left undone to better her chances to win.

So, on a basis of personal honor, the race is being waged zestfully. Shedding luster on this inspiring sight is the civic pride that is manifesting itself. This mighty factor is the bulwark behind the various workers. In short, each community and each faction is solidly behind their favorite and no "set" that values its reputation for "doing things" is going to let some one else walk off with first honors and that fine 1936 automobile when a little concerted action will "bring it home."

For this reason and for the reason that the difference between the grand capital prize and the second award in this race is a matter of several hundred dollars, you may expect to see a desperate struggle on all sides before the big prize is finally awarded.

GEORGE KEUCH DIES AFTER LONG ILLNESS

George Keuch, aged 78 years, 5 months and 9 days, who has been a resident of Tinley Park since 1913, died at his home last Friday morning at 2 o'clock following a long illness.

Mr. Keuch was born January 16, 1858 in Koenigswald, Hessen, Germany. He came to America at the age of three months and lived in Orland township during his boyhood days.

On January 22, 1882 he was united in marriage with Miss Barbara Heister. This union was blessed with five children of whom two daughters preceded the father in death.

Mr. Keuch resided on a farm east of Tinley Park for twenty-three years. In 1913 he located in Tinley Park and has resided here ever since.

Twelve years ago he submitted to a serious operation and for a time the operation appeared to be successful, but about a year ago the old ailment returned and for the past 13 weeks he had been confined to bed.

Surviving are his widow, two sons, Arthur and William, one daughter, Mrs. Elizabeth Wille, 14 grand children, two brothers, Adam and Wm., and a host of other relatives and friends.

Funeral services were held Sunday afternoon from the late home to the Zion Lutheran church with the Rev. Albert Buddenhagen officiating. Burial was made in the German M. E. cemetery.

Helen Hentsch Weds Henry Bormet At Tinley Park

A quiet wedding took place in the parsonage of the Trinity Lutheran church, 159th and Oak Park avenue, Tinley Park, Saturday afternoon at four o'clock, June 27th, when Miss Helen Hentsch, daughter of Mr. Wm. Hentsch of Mokena was united in marriage with Mr. Henry Bormet, son of Mr. and Mrs. Carl Bormet of Tinley Park. The pastor of the church, Rev. Wm. Frick performed the ceremony.

The bride was becomingly gowned in a blue taffeta dress and carried an arm bouquet of bride's roses. Her sister, Miss Frieda Hentsch attended her, wearing a gown of green puffed crepe and carrying an arm bouquet of pink roses. Harold Bormet, brother of the groom was best man. A reception and wedding dinner was served in the home of the groom's parents following the ceremony, to which twenty-five relatives and members of the immediate families attended.

Mr. and Mrs. Bormet will make their future home with the groom's parents on their farm near Tinley Park.

Infant Of Former New Lenox Resident Dies Suddenly

Daniel Lee Fugett, 5-month-old son of Mr. and Mrs. Elvis Fugett, former residents of New Lenox, now residing in Circle Drive, in Joliet, was smothered to death in his crib Friday night, when a gust of wind blew the edge of the blanket over the crib and smothered the infant.

15% DIVIDEND PAID FRANKFORT BANK DEPOSITORS

Edward J. Barrett, State Auditor, today announced that he has authorized payment of a 15 per cent dividend, amounting to \$1,766.20, to the depositors of the Citizens State Bank of Frankfort, Frankfort, Ill. This is the second dividend to be paid since the bank closed, bringing the total up to 55 per cent. The checks will be given out about June 29th.

In addition to this dividend, \$21,644.10 has been paid on bills payable and \$5,307.11 has been paid to preferred creditors.

This dividend is being paid out of funds acquired in the ordinary course of liquidation.

William L. O'Connell is Receiver for the bank.

Orland Fire Chief Observes 25th Anniversary

Mr. and Mrs. John Helenhouse of Orland Park celebrated their twenty-fifth wedding anniversary Sunday. They entertained a large company of relatives and friends in honor of the occasion.

Mr. Helenhouse is the Chief of the Orland Park Fire Department and is also the operator of the only barber-shop in Orland Park. Jack's friends wish him many more happy anniversaries.

St. Jude's Picnic Big Success

St. Jude's parish at New Lenox held their first annual picnic last Sunday at Oak View Grove, east of New Lenox on the Lincoln highway. The affair was very largely attended. The committee in charge wishes to thank all those who helped make the affair the big success it was.

Cannot Dump Rubbish On New Lenox Road

A. W. Walsh, highway commissioner of New Lenox township, has issued a notice that no rubbish will be dumped on New Lenox township highways. Last Friday night someone dumped rubbish on the Spencer road. Commissioner Walsh is offering a reward for information leading to the arrest of persons who dump rubbish on the roads. The location of the Township Dump may be secured by calling New Lenox 73.

Marley To Hold 54th Annual 4th Celebrations

The 54th Annual 4th of July Celebration will be held at Storms Grove at Marley. A baseball game between Mokena and Marley will start at 10 o'clock D. S. T.

A program beginning at 1 o'clock. Rev. A. C. Nesmith, pastor of the Richards Street M. E. Church of Joliet, will be Orator of the day.

Brother of Mokena Resident Drops Dead

Mrs. R. Bechstein of Mokena received a message Tuesday, that her brother, Jacob Arnold, age 57 years, had died suddenly of a heart attack in his business office in Chicago that morning. Mr. Arnold has been engaged in the manufacture and repair of adding machines used in Railroad offices and held contracts with the Rock Island, Northwestern and other railroads for many years for this class of work. He appeared to be in his usual apparent good health when he left his home early Tuesday morning and the news of his sudden passing came as a great shock to his family and relatives. He is survived by his widow, 3 sons, 3 brothers and one sister. Funeral services were held Thursday in the Salem-Evangelical church in Chicago.

GERMAN DAY FESTIVAL JULY 19 AT FRANKFORT

Sunday, July 19 will be a gala day for the Germans of Joliet and Will county, when they will hold their first annual festival in the Frankfort grove which has been chosen as the site large enough to handle the thousands who are expected to gather for the speeches. A ball game, band concerts and sports events and a carnival attraction.

At the request of all the German-American societies in Will county, Doctor Jaeger of Chicago, German General Counsel has consented to speak. Judge Geo. N. Blatt of Joliet is also on the program. There will be a baseball game between the Will county champion Gerlack - Barklow team and the crack Frankfort Township club. No less than four musical organizations will be on hand. The Frankfort school band of 52 pieces and the German concert band will present classical and semi-classical number; 25 German world war veterans will comprise the fife and drum corps which will parade around the grounds.

Those in charge of the arrangements are: Fred Zucker, chairman, Joseph Jaeger, vice chairman, Otto Ehtor, editor of the "Die Deutsche Stunde", secretary; Paul Schoene, advisor, Fritz Grossman, bar committee, Adolph W. Lueddecke, advertising manager, Carl Hahn, food department, Erich Fahr, Adam Oetter, Alois Sittel, Christian Hack and Wm. C. Wunderlich, reception committee.

Baseball Tourn. July 4th & 5th

The big attraction for the baseball fans of this section is the big baseball tournament to be held at Orland Park and Frankfort.

The tournament will open July 4th at Orland Park when the Orland and Worth teams play.

The next competitive teams will be the Frankfort Township ball team and the Homer A. C. team.

The winners and losers of these games will journey to Frankfort on Sunday, July 5th to play for the grand prizes.

The first games will start at 1:30 p. m. sharp. All those wishing to see a real thrilling series of games are invited to attend both days of the tournament.

White Store Has Big Fireworks Store

Joliet and Will County's popular department store started a sale of fireworks, Wednesday, July 1. This is the largest stock of fireworks ever assembled in the Joliet store. The White store has a fire works stock valued at about \$14,000. Every conceivable kind of fireworks known are to be found in this huge display. You can make your last minute fire works purchases up to 10 o'clock Friday night, July 3. Mr. Cohen, manager of the White store says that fireworks will be sold at a real saving in price.

There will be rides and other features at the carnival. This attraction will be on for three days and nights after Sunday, namely; Monday, Tuesday and Wednesday.

Everyone is most cordially invited to attend the carnival and above all, be sure to bring the kiddies.

New Lenox Boy Wins Model Plane Championship

Wallace Simmers, 18-year-old New Lenox youth, holds the Chicagoland model airplane championship of the Junior Birdmen of America, national youth aviation movement.

Winning two model plane events and placing second in a third, Simmers carried off the championship in competition with scores of other youthful aviation enthusiasts entered in the Chicagoland area contest at Hines hospital, Hines, Ill.

The title performance brought young Simmers a huge trophy and qualified him for competition in the national model plane event at Boston in August. His trip will be financed by Junior Birdmen funds. Simmers is the son of Mrs. Minnie Simmers.

ILLINOIS
BREVITIES

Peter W. Bast, seventy-three, published of the Ashland Sentinel at Ashland, died.

Daniel W. Ferguson, seventy-four, mayor of Morrisonville for the last six year, died.

Two-thirds of the grade school teachers in Jackson county will enjoy a boost in salary of from \$5 to \$10 a month.

Election officials from Chicago and the eight other Illinois cities which come under provisions of the recent state legislation for permanent registration of voters agreed to form an organization to deal with problems of the new registration and work out a uniform system.

Rockford will celebrate abandonment of its street car system on July 2 by burning one of the oldest cars now in operation, in a huge public bonfire in the Broadway business district. Arrangements are being made to provide free street car rides for all residents on that day. Modern buses will replace the street cars on July 3.

Miss Nella Panunzi, twenty-three years old, manager of a tearoom in St. Charles, was found shot to death along side the Dunham road, half a mile north of the St. Charles road. Hunted as the slayer was Rinaldo di Pietro, fifty-five years old, a rejected suitor of the girl, who was known to have been with her shortly before the killing.

Attorney General Otto Kerner of Illinois has issued an opinion holding that, under a new law passed in April, justices of the peace must turn over fines collected for motor law violations outside incorporated municipalities to the state treasurer. Hitherto the money thus collected has gone to township treasurers.

Mrs. Sarah Stafford celebrated her ninety-ninth birthday in her home in Waukegan. Mrs. Stafford went to Waukegan, then known as Little Fort, with her parents in 1837, when she was six months old. She has lived there ever since. Her husband, Joseph, a contractor, died 20 years ago, and her two children are also dead.

Two armed bandits who, with their wives, robbed Fred Maurer at his filling station near Lincoln, were captured in Havana by Mason county officers and returned to the Logan county jail. They are Wilbur Roak, twenty-five, and wife, Roberta, twenty-one; Joseph Hoffstetter, eighteen, and wife, Audrey, eighteen, all of Benton, Ill.

John E. Hayes, North Chicago, was appointed the third member of the 1936 Lake country board of review by Judge Perry L. Persons of the County court. Hayes, former North Chicago postmaster, is a Democrat. He will serve with the two Republican members, John D. Thomas of Zion and Charles J. Wright of Grayslake.

A new type of concrete road will be constructed at Rockford by the state and county highway departments as an experiment. The cement will be laid directly over the soil. A stretch of 1.13 miles will be paved at a cost of approximately \$14,000. The road, if the project is successful, will cost considerably less than the regular type of concrete paving.

Contending that the 1935 state traffic act is unconstitutional and discriminatory, an injunction suit against state highway officials was filed in Sangamon county Circuit court by the Auto Forwarding company, an Illinois corporation, and the Associated Transports, Inc., of St. Louis. The suit contended that the companies were arbitrarily refused permission to use their trucks on Illinois highways.

Production of winter wheat in Illinois is a little below average, hay prospects are better than usual, and condition of principal spring crops is slightly under the ten year average, according to the June crop report by A. J. Surratt, federal and state agricultural statistician. The winter wheat harvest is placed at 29,436,000 bushels, or 11 per cent greater than last year's crop and 2 per cent under the 1928-'32 average.

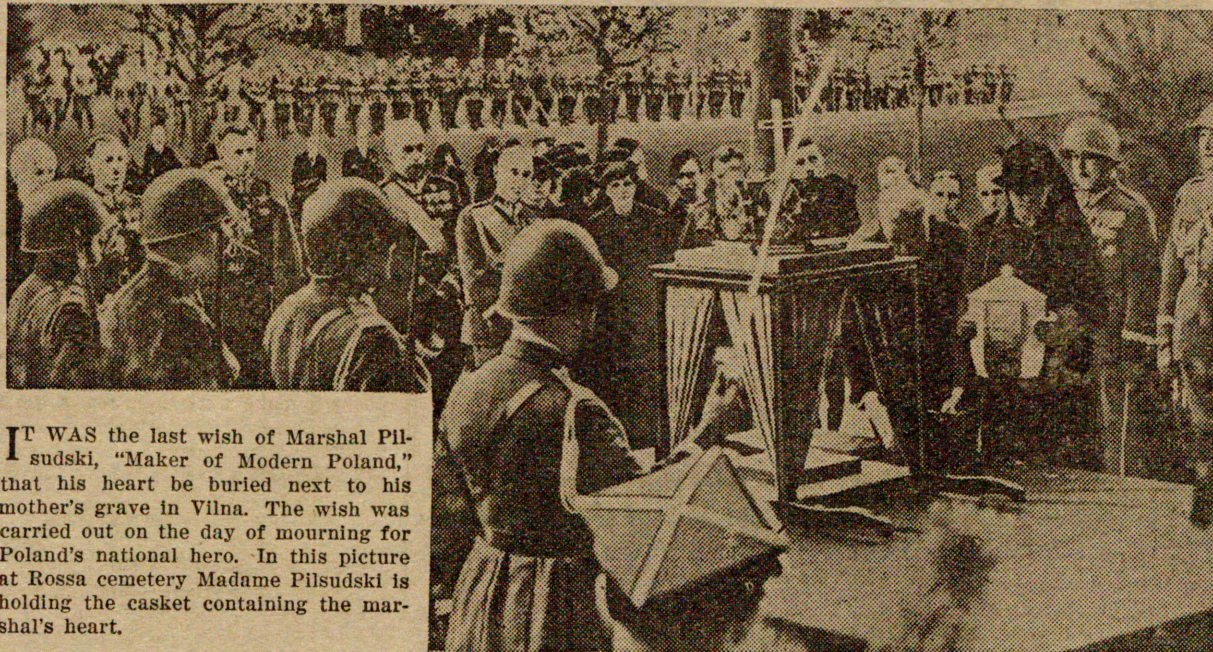

Downstate supporters of Governor Horner organized for the November campaign at a meeting in Springfield. F. Lyden Smith of Pontiac was confirmed as Democratic campaign manager downstate. Business manager for the division of highways, he managed the downstate Horner primary campaign against the Kelly-Nash regular organization. Harry B. Hershey of Taylorville was approved as chairman of the downstate central committee.

Ronald T. Ransom, Kilbourne, and Jean Robinson, Oak Park, both juniors in the University of Illinois, have been selected as the Illinois winners of Danforth summer fellowships. That was announced by R. R. Hudelson, assistant dean of the college of agriculture. Miss Robinson is the winner of a home economics fellowship, offered for the first time this year, but Ransom's fellowship for agricultural students is similar to those which have been offered since 1929.

Peter W. Griffith of Carbondale, one of the few Civil war veterans in Jackson county, died not far from the place where he was born ninety years ago. He served in the Eighteenth Illinois infantry.

Investigation of a series of bombings and robberies in and near Alton ended when four men confessed to State's Attorney Lester Gears. The four held are Paul Massars, twenty-seven years old, Frank Moore, twenty-nine; Harold Fink, thirty-five, and Curtis Steele, twenty-one. In robbing the Log Cabin tavern, L. J. Waters was shot. Moore admitted firing the gun.

Marshal Pilsudski's Heart Buried at Vilna

IT WAS the last wish of Marshal Pilsudski, "Maker of Modern Poland," that his heart be buried next to his mother's grave in Vilna. The wish was carried out on the day of mourning for Poland's national hero. In this picture at Rossa cemetery Madame Pilsudski is holding the casket containing the marshal's heart.

WHAT BOBBY COON AND BILLY MINK DID

BOBBY COON and Billy Mink sat on an old log on the bank of the Laughing Brook and talked over the traps Billy Mink had discovered and what should be done about them.

"Of course," said Billy Mink, "you and I are safe enough. We know exactly where those traps are and we are not going to be so foolish as to get caught in one of them. But there are others who travel up and down the Laughing Brook who might not discover the traps until too late."

Bobby Coon nodded. "Just what I was thinking," said he. "But for you, Billy Mink, I would be in that trap down there this very minute. It was stupid of me not to have suspected that the little opening in that fence was left purposely to tempt whoever came along to go through it instead of taking the trouble to climb that steep bank and go around the fence. There may be others just as stupid. We ought to do something about it, but what can we do?"

"Are you afraid to go near that trap?" demanded Billy. Bobby scratched his head thoughtfully. "How near?" he asked. "Near enough to get your paw under it," replied Billy. "I don't know," replied Bobby. "What good will that do?" "Well, you see," replied Billy, "that trap is set right in the middle of that little opening and it has been covered with wet, dead leaves. Now I know something about traps. I've seen a lot of them in my day. If anyone should step on those wet leaves, two steel jaws would snap up and grab him by the leg. But those steel jaws always snap up. They can't snap the other way. If your paw is underneath the trap there is no danger. By doing this you can lift that trap up so that it will no longer be covered with those dead leaves, and whoever comes along will see it. It isn't safe to try to pull the leaves off of it because you might get caught doing it. If you will do that to the trap on this side I will do the

same thing to the trap on the other side of the Laughing Brook. If you're afraid, just say so, and I'll take care of both traps."

Now Bobby Coon was afraid because, you see, he had never had anything to do with traps. But he wasn't willing to own up that he was afraid. He knew that if he showed that he was afraid he never would hear the end of it, for Billy Mink would be sure to tell everybody he knew. He thought the matter over for a few minutes and then grunted: "I guess if you can do it, I can."

"All right, let's get busy!" cried Billy Mink, jumping up. "I don't want

THREE GOOD RECIPES

HERE is a nice relish which may be made in any season and is especially good with fowl:

Relish Salad.

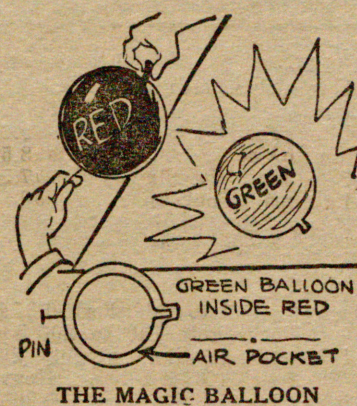

Pour two cupfuls of boiling water over a package of lemon gelatin, stir thoroughly until dissolved. Add one cupful of chopped cabbage, one-half cupful each of chopped celery and stuffed olives, one-fourth teaspoonful each of paprika and salt, two tablespoonfuls each of sugar, vinegar and chopped pickles. Cool before adding the vegetables but the seasonings may be added to the gelatin at once. Set away to mold. Serve on lettuce with mayonnaise dressing.

Date Cake.

This is a moist, nice cake: Pour one cupful of boiling water over two-thirds of a cupful of dates and cook slowly one minute. Stir constantly. Beat one egg and add one cupful of sugar and one tablespoonful of melted butter, one teaspoonful of vanilla, one-eighth teaspoonful of salt, one-half cupful of nuts, one teaspoonful of cinnamon, one-fourth teaspoonful of nutmeg, two and one-third cupfuls of flour with one teaspoonful of baking powder. Beat both mixtures together two minutes. Pour into a loaf pan and bake forty minutes. Line the pan with waxed paper.

TRY THIS TRICK

By PONIAY HARRAH
Copyright by Public Ledger, Inc.

This trick is a real surprise. To start with, the magician holds a top balloon which is red in color. He touches the surface of the balloon with a pin.

Bang! The balloon explodes, but instead of disappearing it remains. The singular thing about it is the color of the balloon. It has changed from red to green.

You need two balloons for this trick. Beforehand, push the green balloon inside the red one. Inflate the green balloon and bind the end. Stretch the mouth of the red balloon and inflate it a trifle more than the green.

The result is an air pocket between the red surface and the green. The pin point explodes the red and its pieces fly from sight behind the green.

THE HEART HAS
NEEDS

By DOUGLAS MALLOCH

WHAT is the profit of all our toil? We need the grain of the fertile soil, But a man will find, as the road he goes, That now and then he will need a rose.

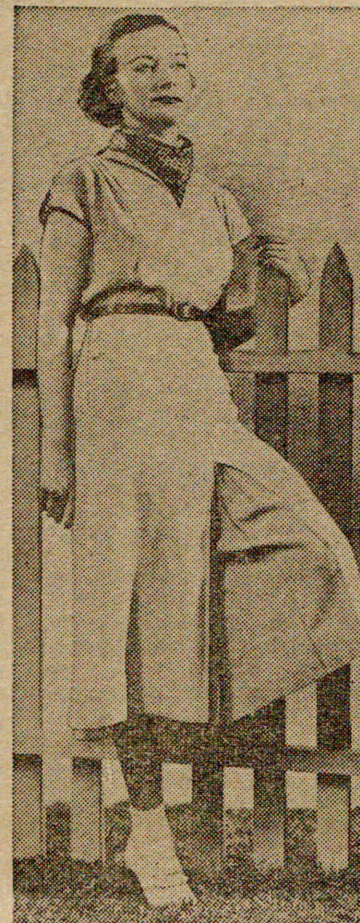

We need the corn of the rolling land, But now and then we shall need a hand; To the heart of man there will come an hour When he needs the sight of a blooming flower.

Yes, God has given us rose and grain, And I think his purpose is mighty plain: Whatever our aim, our wish, our goal, We must feed the body, but feed the soul.

For, after all, it's the friends we make, And the joy we share, and the joy we take, And the good we do, and the good that's given, That make the earth seem a bit like heaven!

Camel Family in Africa

Of the two wild species of the camel family found in South Africa, the Guanaco is the larger, and both the llama and alpaca are domesticated varieties of these creatures. The alpaca is not employed as a beast of burden. It was produced by using the domesticated llama in artificial breeding with reference to its improvement in the coat of wool.

Washington Digest

National Topics Interpreted
by William Bruckart

Washington, D. C.

Washington.—The Republicans and the Democrats have their Presidential tickets. The elephant and the donkey have their jockeys for the campaign. The tumult and the shouting—and the blistering, withering fire of politics, have begun.

It is a long way to the finish line where the checkered flag falls for the winner of the race. But the big fight is really on and it is interesting as well as significant to note how it has started.

It is always a sure sign that party leaders respect and fear their opponents when they start a campaign with a declaration that the enemy is weak; that his selection resulted from chicanery or bossism, or that the particular candidate selected has been put up as a sacrifice. That is what has happened already in the current campaign, and you can expect it to continue because it is stating no secret to disclose that the New Dealers fear Gov. Alf M. Landon of Kansas, the Republican nominee, and that the Republican leadership, beneath the surface, are wishing for a clairvoyant or crystal gazer to tell them how much of a chance they have to beat President-candidate Franklin D. Roosevelt.

Of course, no astute political observer would dare predict at this stage of the game who the winner will be. On the other hand, it is part of the psychology of the game of politics for politicians to claim everything in sight. Yet, I know that each side expects a real battle, a horse race. The November result is pretty likely to be determined by events of the next two months. At the end of that time, trends will be evident and some appraisal of the campaign will be possible. In the interim, claims and high sounding phrases will be offered by the basketful and enthusiasm will be promoted. Yet, the end, the result, will not begin to be evident until afterward because this is the season for the tumult and shouting.

I cannot concur in the claims already advanced by Postmaster General-Chairman Farley that the election is in the bag for Mr. Roosevelt any more than I can believe that Chairman John Hamilton of the Republicans is equipped with special foresight enabling him to say that Governor Landon is a sure winner.

I said above that the campaign has all of the appearance of a horse race and a close one. To that extent it is a condition much more favorable to the Republicans than obtained three months ago when, as I recall, I suggested that if the election were held at that time, Mr. Roosevelt had a 60-40 advantage over anybody the Republicans could name. To say now, therefore, that the race probably will be close necessarily indicates two things: unification of Republican strength, and some mistakes by the Democratic leadership (one may properly inquire what has brought about the unification of the Republicans). The answer seems rather obvious. It is that the Republican party has been reorganized from tip to toe. The reorganization has been more sweeping and more effective and the result much more satisfactory to the country than most political observers had any reason to expect. I say "satisfactory to the country" because the Republican party is a major political unit and, though at present a minority party, will come back to power some time. The Democrats have been a minority party, and the course of human events has witnessed it restored to power. So the people have a stake in either party, and whichever one proceeds to improve its political structure is giving something of vital value to the country as a whole.

The Democratic attack on the Republicans for the last sixteen years has been concentrated to a large extent on the charge that the Republicans were boss-controlled. Chairman Farley has continually harped on that alleged condition. When the Republicans did their house cleaning job at Cleveland, they took away an important issue from the Democrats, but even so some of the Democrats and some independents, like Senator George Norris of Nebraska, refused to accept the purging as genuine.

Senator Norris disclosed his attitude very definitely the other day when he broadcast a radio speech. He employed the time-worn allegation that the Cleveland convention was dominated by "special interests," and that the platform adopted there was plainly reactionary.

Senator Norris has not supported a Republican candidate for 12 years, although he ran for re-election six years ago as a Republican. He believes in Mr. Roosevelt and insists that Mr. Roosevelt alone can save the country. It is to be assumed also that Mr. Roosevelt will have the support of the LaFollettes, Senator Bob and Governor Phil, in Wisconsin. These men, however, have labeled themselves as Progressives, and have not carried the party label of either the Democrats or Republicans.

There will be others of the same

warp and woof. There will be old-line Democrats who will do as Senator Copeland of New York has done, take a walk. Alfred E. Smith is not going to support the New Dealers nor will a great many of his followers. So, it is obvious that each party will be subjected to defections of one kind or another.

Now, concerning mistakes that have been made:

Chairman Farley made a bad mistake politically when he said that Alfred M. Landon was "just the little-known governor of a typical prairie state."

That remark has been rising to haunt the Democratic chairman almost daily since it escaped from his lips, and unless I miss my guess he will hear it repeated, thrown into his teeth, so many times between now and November that the words will give him a stomachache equivalent to green apples.

The reasons this remark was a serious blunder are two. First and foremost is that every state in the Union rightfully has justified pride of its people, its commerce and industry and its future prospects. Every state feels profound resentment when its capacity to do great things is questioned. Consequently, when Mr. Farley catalogued Kansas as a typical prairie state and its governor as little-known, there was a surging tidal wave of resentment, and it was not confined to Kansas alone.

The second reason why Mr. Farley's remark cut the wrong way was that Mr. Farley is a New Yorker and a Tammanyite. There is something repulsive to the millions of mid-westerners about Tammany, and a very great many residents of prairie states long have objected to the attempt of certain New Yorkers to "run things" for the whole United States.

Another mistake that has been made, really a series of mistakes, is the coercion that has been permitted to go on among those receiving relief. It is not exactly fair to charge Mr. Farley and President Roosevelt with these, yet I am inclined to believe they could have prevented local Democratic politicians from attempting to force relief clients to vote the Democratic ticket. That condition has obtained in as many as fifteen states.

It is one of those things in politics that naturally causes a revulsion of feeling, yet it is one of those things with which the leaders possibly may have had nothing directly to do. The fact that they might have prevented it and did not is accepted by the average voter in exactly the same light as though a written order directing such procedure had been issued.

The handling of the tax question by the administration in this session of congress has not been of a character warranting too much praise. It has alienated many influential persons who might otherwise have supported Mr. Roosevelt. Of course, in the end the President can say that he wanted additional funds in order to start the balancing of the national budget, but I know of a great number of Democrats in congress who have been thoroughly displeased by the White House insistence for a reform tax law rather than a revenue law. It seems to me, therefore, that a considerable amount of campaign material will be developed from this fact.

And so it goes with Democratic mistakes.

On the other side of the picture, the Republicans can make mistakes yet, plenty of them.

On the Other Hand They have an advantage over the Democrats in one regard: they have not been charged with the responsibility of government for the last three and one-half years, and therefore will not have to answer for mistakes in administration. It lies in the hands of the Republican managers, therefore, to prevent political mistakes between now and election if they are capable of so doing.

They have started out with an offensive campaign and have an opportunity to continue it, whereas the Democrats can conduct an offensive campaign only so long as they can avoid entering into a defense of Roosevelt New Deal policies.

I understand that the Democratic national committee is loaded to the dashboard with material for attack, but from this stage of the battle it seems quite apparent that they are going to need plans for defense as well as offense, and they will not have enthusiastic support from some spots in their own army.

The Democrats are prepared to attack Governor Landon on the theory that the country cannot feel sure of his plans and policies; that he has done nothing to enable the country to appraise him and that there is no assurance, in event of his election, that he is a big enough man for the job of Chief Executive. On the other hand, the Republicans can counter-attack by using the language of Senator Copeland, New York Democrat, who declared that no man nor party regarding its pledges was to be trusted, and right there is where the New Dealers must begin to defend.

Lesson for July 5

THE COMING OF THE HOLY SPIRIT IN POWER

LESSON TEXT—Acts 1:6-9; 2:1-11, 32-38.

GOLDEN TEXT—But ye shall receive power, after that the Holy Ghost is come upon you; and ye shall be witnesses unto me both in Jerusalem, and in all Judea, and in Samaria, and unto the uttermost part of the earth.—Acts 1:8.

PRIMARY TOPIC—Jesus Keeps His Promise.

JUNIOR TOPIC—A Promise Made and Kept.

INTERMEDIATE AND SENIOR TOPIC—New Power Through the Holy Spirit.

YOUNG PEOPLE AND ADULT TOPIC—Empowered for the World Task.

1. The Missionary Program (1:6-8).

The work incumbent upon the Church is witnessing to Christ's gracious salvation to all the nations. After this is done, there will follow the preaching of the gospel of the kingdom by converted Israelites (Acts 15:14-17; Cf. Matt. 24:14). This was not clear to the disciples, therefore they put the question, "Wilt thou at this time restore the kingdom to Israel?" The Davidic kingdom shall be established, but not until after the gospel of the grace of God is preached and the body of Christ is completed.

1. In Jerusalem (v. 8). This was done by the twelve immediately following Pentecost.

2. In Judea and Samaria (v. 8). This was done by the disciples after the hands of the persecutors were laid on them. Not only the twelve but many others took part in this.

3. Unto the uttermost part of the earth (v. 8). Beginning with the first foreign missionary enterprise, this work has been carried on till the present time.

II. The Coming of the Spirit (Acts 2:1-11).

The power of the early Church was the Holy Spirit. The watchword of God's mightiest men throughout the centuries has been "not by might, nor by power, but by my spirit, saith the Lord of hosts" (Zech. 4:6).

1. The time (v. 1). It was on the day of Pentecost. By "day of Pentecost" is meant the feast which was held fifty days after the wave sheaf was offered (Lev. 23:15, 16). It was observed by presenting two loaves made of the new meal (Lev. 23:17). These loaves were baked with leaven, while leaven was rigidly excluded from the passover feast (Lev. 23:6).

2. Upon whom the Spirit came (v. 1). Cf. 1:13-15. The twelve and others to the number of 120. The coming of the Spirit was not merely for the twelve but for all believers, all the members of the body of Christ. They were in one place with one accord waiting for the fulfillment of the Father's promise (Luke 24:49). If the church would be with one accord in one place, wonderful blessings might still be expected.

3. The marks of the Spirit (vv. 2-4). These marks were external and internal.

a. External. (1) The sign of a mighty wind. There was no wind, only the sound thereof, suggesting the all-pervasive, life-giving influence of the Holy Spirit. (2) Tongues of flame. Each of the 120 was crowned with such a tongue. The tongues show the practical purpose of the Spirit's gifts and the fire indicates his purifying energy, purging away the dross and making fit his witnesses. (3) Speaking in foreign tongues. For these humble Galileans thus to speak caused great amazement.

b. Internal. This is seen in the transformation wrought in the disciples. They now have great courage and self-possession. Peter, who a little while before was cowering before a Jewish maid, now with lion-boldness stood before the thousands of Jerusalem, and a little later before the chief rulers of the city, and declared that they had murdered their King.

III. The Converting Power of the Holy Spirit (Acts 2:37-42).

Many people were convicted of their sins—about 3,000 repented and were baptized. This revival was real because

1. They continued steadfast in the apostles' teaching (v. 42). They did not grow cold or run after every new teacher that came along.

2. They continued in fellowship with the apostles (v. 42). The surest way to grow is to keep in fellowship with Christians. Spiritual indifference is sure to follow the neglect of the fellowship of the brethren in Christ.

3. They continued in the use of the means of grace (v. 42). They broke bread together.

4. In prayer. (The apostolic church was a praying church. The Christian life cannot be lived without prayer.)

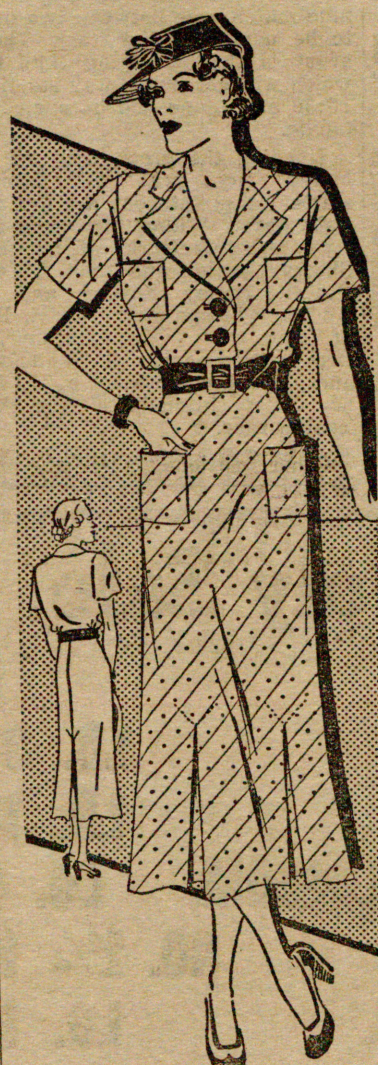

Works of True Merit

Works of true merit are seldom very popular in their own day; for knowledge is on the march and men of genius are the victors that are far in advance of their comrades. They are not with them, but before them; not in the camp, but beyond it.—Colton.

Great Things

Between the great things that we cannot do and the small things that we will not do, the danger is that we shall do nothing.

New Version of Shirtwaist Frock That's Attractive and Serviceable

No. 1801-B

Every wardrobe demands at least one frock always on call ready for instant duty. Here is such a frock—a most attractive and serviceable one—a new and flattering version of the ever-popular shirtwaist type with a clever matched collar, short and simple set-in sleeves, two or four pockets as you wish, and a plain

skirt with two kick pleats in the front and a center seam ending in another kick pleat at the back. Simplicity is its keynote and its charm. You'll find it very easy to cut and sew. Make it in seersucker, cotton plaids or tie silk.

Barbara Bell Pattern No. 1801-B is available in sizes: 14, 16, 18, 20; 40 and 42. Corresponding bust measurements 32, 34, 36, 38, 40 and 42. Size 16 (34) requires 4 yards of 39 inch material. Send 15 cents in coin for the pattern.

The Summer Pattern Book containing 100 Barbara Bell well-planned, easy-to-make patterns is ready. Send 15 cents in coin for your copy.

Watch Your Kidneys!

Be Sure They Properly
Cleanse the Blood

YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when retained. Then you may suffer nagging backache, dizziness, scanty or too frequent urination, getting up at night, puffiness under the eyes, feel nervous, miserable—all upset.

Don't delay? Use Doan's Pills. Doan's are especially for poorly functioning kidneys. They are recommended by grateful users the country over. Get them from any druggist.

It Happens In Tinley Park

Die alarm clock hat schon seven
geringt,
Der Papa snored noch und die mama
singt.
Der morning after das night before
Fuehlt gut in bed when man
"poundet sein ohr."
Der Papa ist cranky, hat zulatte
geslent,
Sein head ached bad als er aus
dem bed crept.
Die hands an dem clock moved gar
zu schnell
When er late for work ist, von dem
boss giebt's "hell."
Er wastet kein time, hat sein eye
on die clock
Aber can nun finden, blos eine sock.
Er tute in ein hurry die pants on
verkerkt,
Und hatte no time to button sein
shirt.
Die collar buttons hunted er auf
dem floor
Unter der dresser und behind das
door.
Das razor und nettie wird gestufft
in sein pocket,
Und das coffee gulped er down fast.
es ging wie ein rocket.
Die mama, unter sein arm tucked
das early morning paper.
Kein time hat er fuer's good-bye
kiss, sagt nur,
"I'll see you later."
Kein schneller sprinter (in Olympic
games) could represent
Unser Nation
Als Papa, when er raced zu das
railroad station.
Der train pulled out, Papa's breath
war lean.
Er ketched die last coach, on der
"seven-fifteen."
So machen die commuters when sie
kriegen ein late start,
Perhaps it happens also in Tinley

BIG AUTO RACE AT ROBY OVAL JULY 4TH

Chicago, Ill., July 3—Matching
their four-wheeled rockets with the
Independence Day fireworks, some 30
of the nations leading auto race
drivers battle it out for cash and
glory at the New Roby Speedway,
July 4th, when the second big time
meet of the year is staged at the
remodeled 109th Avenue and Indian-
apolis Blvd. speed oval.

Sanctioned by the A. A. A., the
governing body of the sport, and
staged by Carl Stockholm and Em-
mett T. Howard, prominent Chicago
sportsmen, the carnival of speed will

get under way at 2:30 p. m. (Chi-
cago Time).

Seven events make up the program
a 50-mile feature event, four 10-mile
heats which will determine the final-
ist in the 50-miler and a special 10-
mile match race between two drivers
to be named at the track. The 7th
event is the qualifying time trials,
which will get under way starting at
10:30 a. m., and will be open to the
public.

Heading the great field of "gas
buggy" aces who will face the
starter's flag Saturday are Rex Mays,
Babe Stapp, Wilbur Shaw and Frank
"wild-man" McGurk, of California;
Shorty Cantlon and Chet Miller, of
Detroit; Jimmy Snyder and Emil
Andres, Chicago Stars; Frank Brisko
of Milwaukee; Chet Gardner, and
George Barringer, of Indianapolis,
and Floyd Davis, winner of the Long-
horne, Pa. national 100 mile champ-
ionship race.

Other nationally famous speed

stars who have signed entry blanks
with Stockholm are, Billy DeVore,
Indianapolis, John Sawyer, Eddie
Beaver and Lou West of Milwaukee;
Myron Fohr, Sheboygan, Wis.; Ver-
ne McComb, Houston, Texas, and
Verne Franke, Ted Johnson, George
Connors and Harry Buenger, of Chi-
cago, and Joel Thorne of New York.

Thorne is the millionaire easterner
who races for the kick he gets out
of the game. Lon identified with out-
board motorboat racing in which he
held several national titles, Thorne
just recently turned to auto racing.
He has purchased nine racing cars
and has a crew of mechanics to han-
dle them.

TINLEY PARK

The Ladies' Aid of the M. E.
church want to thank all those who
donated, worked and patronized our
ice cream social. With your kind ef-
forts it was a success.

The Tinley Park Woman's club
spent a delightful day Wednesday on
a garden tour to Joliet. They viewed
the lovely rose garden of Mr. How-
ard Norton on Catherine street
where 300 roses of rare and choice
varieties are planted and grown by
Mr. Norton. After leaving this love-
ly garden the ladies went to Pilcher's
park and eat their picnic dinner and
then enjoyed the lovely flowers in
the Green house in the park. This
tour was arranged by the garden de-
partment chairman, Mrs. Rene Guin-
don and the following ladies were
present: Mesdames: O. Ebenhack, R.
Guindon, F. Baldwin, R. Hannum,
R. Hug, D. Murphy, A. Mesenbrink
and Wm. Semmler.

Wm. Mabey who has been occupy-
ing the Hartman place, has moved
into the Holstein place. The Tre-
vartan family who have been resid-
ing in the Boyer place in the Boyer
woodland are moving into the Hart-
man place.

A very large crowd attended the
fish fry at Dini's place Friday night
and Saturday night Mayor Fred Rice
and a number of aldermen from Blue
Island held a private party there.

A Chicago bakers organization
will hold a picnic and dance at the
Linden Garden on July 29th.

The Rock Island has a crew of
painters at work painting the exterior
of the local depot, and also sev-
eral other railroad buildings.

Thursday night Mayor E. E. Rice
was quite surprised when he was
called over to Dini's tavern to
find his brother Mayor Fred Rice and
a number of officials from Blue Is-
land gathered there for a party and
waiting for him to join in the festi-
vities.

George Lorenz who has been on
the sick list is improving nicely.

The demand for homes in Tinley
Park has filled up every available
place. The Elmore subdivisions have
all their places rented or sold.

The business places in Tinley
Park will be open Friday night and
will be open until noon on the 4th
of July.

A very large crowd attended the
grand opening of the remodeled
Funk Bros. tavern last Saturday
night.

The Liberty Bell
Rings Again
By RAYMOND PITCAIRN
National Chairman
Sentinels of the Republic

Recently the Liberty Bell was "rung"
again in Philadelphia.

At its guarded shrine in Independence
Hall the famous relic was tapped with
a rubber mallet and its deep tones were
broadcast into homes throughout Amer-
ica and many parts of Europe.

On this occasion the Bell was sounded
in the cause of peace. To the people of
America and other lands it carried the
message of our desire to live honorably
in amity with all nations. But there are
other messages which the Bell that has
made glorious history could carry
throughout the world.

It could remind us at home of the
courage and strength and passionate
desire for personal liberty on which our
fathers founded and developed this na-
tion.

It could carry to the regimented mil-
lions of Eastern Europe a reminder that
it was in devotion to those principles
that America attained a greater meas-
ure of well-being and happiness for all
its people than any nation on earth.

It could recall to the autocrats and
the people of central Europe the glo-
rious history of a nation which wrote
tolerance and freedom of religion into
its fundamental law, and has devoted
itself to those principles through 150
years of liberty.

It could remind the men and women
of southern Europe that peace and
happiness find their surest resting place
where the people, not a dictator, rule
the land.

Those are some of the principles for
which the Liberty Bell first rang a cen-
tury and a half ago. If today it can
strengthen those principles, not only at
home but abroad, it will have performed
another great service to mankind.

Time Lost is Money Lost

It costs money to be sick. You see it di-
rectly if your pay envelope is short. You
lose out on some important work if you
live on a farm or if you are one of the few
who are not docked for lost time. You
can't afford to show up on the job unless
you are feeling fit. The boss wants re-
sults—not excuses.

How many times do Gas on Stomach, Head-
ache, Sour Stomach, "That Tired Feeling,"
That "Morning After" Feeling, Neuralgia,
Rheumatic, Sciatic, Muscular or Periodic
Pains keep you at home or interfere with
your doing a full day's work?

All these troubles are caused or made worse by too much acid
in your body. To correct this condition take

ALKA-SELTZER

The New Pain Relieving, Alkalinizing, Effervescent Tablet.

It is called Alka-Seltzer because it makes a sparkling alkaline
drink, and as it contains an analgesic (Acetyl-Salicylate) it first
relieves the pain of everyday ailments and then by restoring
the alkaline balance corrects the cause when due to excess acid.
Alka-Seltzer is pleasant to take, effective, non-laxative.

Why don't you try it? Get a drink at your drug store soda
fountain for a nickel. Buy a package for home use.

Even Small Communities Have Electric Service

Every community, even those with only 100 population, within the 6000 square miles area in which the Public Service Company of Northern Illinois operates is receiving electric service, according to an analysis of a directory of electric service in Illinois recently issued from Springfield by the Illinois Commerce Commission. The report, prepared by the Rates and Research Section of the Commission in collaboration with the Engineering Section, covers all incorporated villages and towns and unincorporated communities in the State and the list of communities which have no electric service, including those as small as 100 population, contains no towns in the area served by the Public Service Company of Northern Illinois.

This record of complete saturation of the available communities within its area is the result, according to officials of the company, of the Public Service Company's long-standing policy of broad extension of electric lines into rural areas, thus bringing electricity to small communities on the same basis and at the same prices as it is available to the city-dweller.

3rd Congressional Dist. Woman's Club Notes

Public Welfare chairmen of the Third Congressional District clubs, under the direction of Mrs. Arthur Kasehagen, chairman of the Third District Welfare department, have been carrying on the work of the Occupational Therapy project at Oak Forest Infirmary, or Cook County Poor Farm, during the absence of their instructor, Mrs. Mary Corboy, who has been ill for several weeks.

The club women who have contributed their services besides Mrs. Kasehagen are: Mrs. John Kitcham, of Morgan Park Woman's club; Mrs. George Kinnear, Brainerd Woman's club; Mrs. G. F. Dryburgh, Hamilton Park Woman's club and Mrs. H. F. Martin, Brainerd Woman's club. Occupational Therapy was established in Oak Forest, December 27th, 1934, under the sponsorship of the Third District, Illinois Federation of Women's clubs. During and after the world war there was developed what is known as Occupational Therapy, a plan that has preserved for thousands a normal life perspective. It means curing by occupation, regaining health by doing something. It is a medical procedure under a doctor's prescription, definitely prescribed and

guided for the purpose of contributing to, or hastening recovery from disease or injury and assisting in the social rehabilitation of the individual. It has been chosen as a means of restoration because it promotes mental contentment, provides an outlet for excess energy and re-establishes self confidence and keeps alive the desire for efficiency funds with which to carry on the project at Oak Forest are contributed by the District Senior and Junior clubs. It is used to purchase supplies and to pay the patients for the articles they make. Each patient is paid the first of the month for every finished article. The articles are sold at various club meetings throughout the club year, at a nominal cost. The articles made are: hooked rugs, baskets, quilts, luncheon sets, towels, in fact every kind of handwork they choose or are able to make. From this curative work shop come products of saleable and enduring value. The merit of the plan lies in the fact that the ill or discouraged man or woman was occupied. Not only were injured muscles used, but a spark of mental fire was kept alive. The sole object of the venture is to reclaim damaged minds and bodies. The shop is open every day except Saturday and Sunday. The interest and cooperation of the general public is solicited by the club women.

Chevrolet Test Trucks Used By Dept. Stores

An unprecedented test of delivery trucks, under the supervision of the American Automobile Association, is now under way in twelve cities of the United States in each of which a leading department store is operating a Chevrolet test truck in actual service. It is the first test of this sort ever to have been sanctioned by the A. A. A. and so far as is known, the first test of a group of identical trucks operating under varied conditions in different cities.

Department stores that are cooperating are in Atlanta, Boston, Chicago, Dallas, Denver, Detroit, Los Angeles, Milwaukee, New York, Philadelphia, St. Louis and Washington.

The operation covers a period of 30 working days, during which accurate records will be kept covering the economy of the trucks in fuel and oil and in other expenses accompanied by an exact record of the performance of the trucks in the handling of department store deliveries.

The test, besides demonstrating the cost of operation under varied conditions, will also prove a demonstration of the methods by which department store delivery trucks have achieved a high record for safety.

Typical of the test in all 12 cities is the operation in Chicago, where Marshall Field & Co., are using a Chevrolet double-drop frame parcel delivery truck. The executives of the truck division of the Chevrolet Motor Company found the plan enthusiastically received by Marshall Field represented by James M. Barclay, operating and personnel executive.

The truck, a stock chassis, with the exception of the double-drop frame, which was developed especially to accommodate a new body type specially designed for Marshall Field was selected from the assembly line by the contest board of the A. A. A. From the time it left the factory, it has been under constant A. A. A. control, even on its trip from Detroit to Chicago. The gasoline tank is locked and the key is held by David N. Larson, A. A. A. observer. The crankcase, transmission and rear axle are sealed.

Each morning when the truck is loaded, Larson records the number of packages to be delivered. He remains with the truck thruout the day, keeping an exact record of the time of each delivery, the mileage between stops, and the nature of each delivery or pickup. He also is required to report any mishap, no matter how trivial, should any occur during the test.

A regularly employed Marshall Field delivery crew mans the truck which operates from the Evanston store.

Single G. O. P. Body to Seek Funds in Illinois

Chicago.—In the state of Illinois, a Republican Finance committee has been formed as the official fund-raising organization representing the Republican National committee, the Illinois Republican State Central committee and the Cook County Republican Central committee. Seymour Wheeler, recently appointed a member of the Republican National Finance committee, has been made chairman.

"Combining the efforts of all three organizations in a single committee will greatly simplify and make more efficient our task in raising funds for the Republican party for both national and state purposes, and it has the unqualified endorsement of the Republican National committee," said Mr. Wheeler. "In this way, there will be only one solicitation for the Republican party and funds raised will be disbursed through the Illinois Republican Citizens' organization and the allocation for state purposes will be supervised by a committee of three consisting of: Louis C. Seaverns, George F. Harding and George A. Barr of Joliet."

INDEPENDENCE DAY, JULY 4th

Of all the national holidays set apart by the people of the United States for patriotic observance, the Fourth of July is the most treasured. It is the anniversary of the proudest challenge ever flung in the face of tyranny and oppression by the human race. One hundred and sixty years ago, on July 4, 1776, thirteen new-born, poor and struggling little colonies precariously established along the Atlantic seacoast, announced their independence of English rule and their incorporation as a free nation. On this historic date, the Declaration of Independence was endorsed by the Continental Congress and signed by the delegates from each of the thirteen colonies. It marked the beginning of a struggle which was to continue for years against overwhelming odds, but which was to culminate in complete and glorious victory that forever established the United States of America as one of the greatest powers among all the nations of the earth.

Today, the one hundred and sixtieth anniversary of the Declaration of Independence is celebrated by patriotic observances, by oratory, parades and public ceremonies and by the display of the Stars and Stripes throughout the land. It is an occasion for rejoicing, for self-congratulation and for deep thanksgiving because the United States of America has fulfilled the hopes and ambitions of its founders. Of all the nations of the world, this country is the most favored in natural resources, in geographical position and in opportunity. No other land, in the history of the world, has possessed a greater opportunity for development — an opportunity which we have seized to extend our frontiers to the farthest reaches of the continent. The Constitution, upon which our form of government is based, stands today strong and triumphant — the bulwark of our nation, an assurance to every citizen of liberty, freedom and opportunity.

In emphasizing the blessings with which the United States of America is endowed by God and nature, and the wisdom and forethought of our great leaders, it is fitting to pause a moment to consider our future in relation to our past. Blessed above all other nations, free as no other country is free from problems of adequate territory and adequate national income and wealth, the United States still is faced with dangers and disasters as the very result of these blessings. Invading forces which seek to corrupt our citizenry and to infect our body politic with the false promises of anti-Americanism, constitute a menace which must not be ignored or belittled. The Veterans of Foreign Wars of the United States, and every other group and organization of high-minded, patriotic, unselfish Americans, must mobilize all their strength against the insidious attacks of communism and other un-American forces which would undermine and overthrow our present form of government by force and violence.

The dangers of international jealousy and ambition must be guarded against by a strict policy of American neutrality and by an adequate armed preparedness which will insure our shores and our people against foreign invasion. With rumors of wars more insistent at the present time than in the last fifteen years, the United States must guard against any remote possibility of being drawn into conflicts between other nations. The Veterans of Foreign Wars of the United States, whose membership is composed exclusively of overseas service men of this nation's wars and armed expeditions, stresses particularly a program of peace for America which embraces prepared defense units as recommended by the Army and Navy, conscription of industry and wealth on the same basis as man-power in the event of war and federalization of munitions manufacture for the purpose of controlling international traffic in arms.

ORLAND PARK

Merrill and Floyd Cooper returned Tuesday from a delightful western trip. They visited four national parks including Yellowstone. They made a trip up Pike's Peak. The 14,175 foot climb was made all the way in second gear. While up on the peak they ran into a snow storm.

They also visited Denver, Big Horn Mountains, and many other points of interest. The total trip of 4,400 miles was made without any mishaps. Only two flat tires in all that distance.

They enjoyed a delightful three-day visit at a ranch house with a friend.

On the return trip they saw the havoc a storm wrought near Clinton, Iowa. Trees were torn down and roofs of buildings blown off. The dry and hot weather conditions prevailed throughout the whole trip.

The boys had their car well decorated with stickers and signs from the western states showing that they covered a very large territory.

Miss Lucille Schmadeke also returned Tuesday afternoon from an eastern vacation trip including a sight-seeing trip to New York City. While there she was fortunate enough to have the opportunity of seeing the much heard-of new English ocean liner "The Queen Mary."

The giant ship was boarded at a New York pier. The ship was being prepared for a return voyage to Europe.

Miss Schmadeke was thrilled with the beauty of the luxurious liner. What held her interest the most was the softness of the color scheme used throughout the interior decorations of the ship. Every nook and corner of interest was explored on the great ship.

Even the engine room was not over looked. Here the powerful oil burning Diesel engines which propel the ship were seen.

Miss Schmadeke also visited Radio City, saw the statue of Liberty and many other well known sights of the east including the famous palisades of the Hudson river.

Miss Schmadeke made the trip with a group of friends.

The Orland Fire Department was called out last Friday afternoon when a straw stack on the Russell Myrick farm caught fire. The wind was blowing the flames toward a barn fifty feet from the burning stack, but the firemen got the blaze under control before any serious damage resulted.

Miss Margaret Homering of Waterloo, Iowa, visited with Orland Park relatives and friends Tuesday.

Mrs. John Mullen is ill with diphtheria and the M. E. parsonage is under quarantine.

The St. Michael parish is all prepared for a grand Fourth of July celebration to be held in the forest preserve on 143rd street Saturday. A big chicken dinner will be a feature followed with games, sports, etc. Everyone is invited to attend.

Mr. and Mrs. John G. Loebe, daughter Ruth, Dr. Stuart and his secretary, the latter two of Kalamazoo, Michigan, left Thursday on a six and a half week's trip to California, Arizona and other western states. They will also visit Lake Louise and Banff, B. C. On the return trip they will visit the Yellowstone National Park.

While in Los Angeles, they will call on a former Orland Park M. E. church pastor, now Prof. Neumeyer of the University of California. They will also visit with Rev. Mr. McAmmon, now 90 years old, who was pastor of the Orland Park M. E. church many years ago.

CARD OF THANKS

We wish to extend our sincerest thanks to relatives, neighbors and friends for the kindness and sympathy shown us in our bereavement in the death of our beloved wife and daughter, we also thank those who sent floral offerings, who donated the use of their automobiles and Rev. John Mullen and Rev. Paul Sanders for their comforting words.

JACOB KRAMER, JR.,
MR. AND MRS. EDGAR COOPER

MOKENA

The monthly meeting of the Frankfort - New Lenox 4-H club will be held July 7th at the Mokena Public school in Mokena.

Mr. John Balaz and family have gone on a fishing trip to Florence, Wis., and expect to be away for a week or ten days.

Rev. and Mrs. Haebele are spending their vacation in St. Louis.

Saturday being the Fourth of July, the post office and bank will remain closed for the day and other business places for half a day.

The village board will hold their monthly meeting next Tuesday night. Mokena Boy Scouts made a hiking trip last week in company with other scouts in the Rainbow Division to Starved Rock and have returned. The scouts sold popcorn at the business men's weekly award Saturday night. Due to the Fourth of July coming on the regular weekly award night, the Mokena Business Men's association will not have an award this week. But they will hold it on July 11.

Independence Day— 1936

By RAYMOND PITCAIRN

National Chairman
Sentinels of the Republic

"Independence now—and Independence forever."

To this ringing slogan America celebrates again the anniversary of her glorious birth — honoring the famous Declaration which ranks, with our Constitution, among the noblest documents in history.

What was that Independence, that Freedom, to which our Fathers dedicated themselves in the historic document now famous throughout the world? Clearly the Declaration itself states the answer:

They sought for every man "certain unalienable rights . . . among them Life, Liberty and the Pursuit of Happiness."

They protested against a "long train of abuses and usurpations" of those rights.

They condemned all activities "altering fundamentally the forms of our government."

They denounced:

The efforts of a ruler to punish representative legislatures "for opposing with manly firmness his invasions on the rights of the people."

The "establishment of an absolute tyranny over these States."

A government that "erected a multitude of new offices and sent hither swarms of officers to harass our people and eat out their substance."

A system that made the people "subject to a jurisdiction foreign to our Constitution, and unacknowledged by our laws."

These are a few of the basic principles for which the Signers unhesitatingly pledged their Lives, their Fortunes and their Sacred Honor on that historic July fourth of 160 years ago.

They are principles to which America pledges herself anew on each occurrence of that historic date.

They are principles which we must continue to guard if the Liberty won by our Fathers is to endure.

Independence Day is far more than a national celebration. It remains a Day of Rededication to that Spirit of Liberty which has made America the land of freedom and of opportunity for all.

CHAPTER X

"Not a word to anybody," Harwood had said. "Dig in 'til I phone you. One little leak, and we're finished."

Barry saw that. But why should Harwood fear the leak coming from him? Pat? Nonsense! Winslow, of course, who was Morano's lawyer. But Ernie had said, "Winslow isn't that kind of a lawyer." And he had said also, "If Winslow's shielding anyone, it's Judge Hambridge. Judge Hambridge, or someone else close to him." Except Winslow, who was close to Judge Hambridge, but Pat?

Into Barry's mind trickled slowly small, insistent recollections—one after another. Recollections that, in the beginning, seemed to have nothing to do with the case. Pat was in town the night of the murder. Naturally—with her father; what of it? "He wouldn't let me stay with him," she had said, at dinner the next evening in Southampton. What of it?

But the trickle was becoming a flood now. The afternoon Hambridge had confessed seeing Kelly, why did Pat keep checking the Judge? What did she fear his disclosing? And the confession itself; why did he make it?

"I'm off again," Barry raged at himself. "Just because Ernie said, 'Winslow may be shielding Hambridge, or someone close to him.' That might mean someone close to Winslow. But who's closer than the Hambridges?" And then he remembered declaring, the afternoon of the Judge's confession, "The man—or the woman—who killed Kelly knew what he—or she—was going to do."

"Why do you say 'she'?" Pat had asked, emotionally. "This wasn't a woman's crime."

Winslow had asserted, too; only a few hours ago: "That man." Curious.

And motive? Well, you couldn't deny that. If Kelly was threatening Judge Hambridge, and Pat knew it. There was no doubt that she did. "I've got something in my pocket," the Judge had quoted Kelly as shouting, and Pat had intervened promptly. All those weeks, before the decision was filed, she had writhed under the newspaper attacks on her father. Suppose she had known what was compelling that decision, and undertaken to remove the compulsion. "Silly!" Barry fumed at himself. "Fantastic!"

The house of cards was a wreck now, and Barry turned to other self-questionings. "That paper in Kelly's pocket—the threat over Luis. But it seems to have been the threat over Hambridge, also. What's the connection?"

"None," he finally decided, interring that idea, too, and turning in bed, determined that he must sleep. "Something between Morano and Kelly, yes, but between Morano and Judge Hambridge—well, that's just beet-tops! With that he fell asleep.

The telephone awakened him. "Ten o'clock," the girl at the switchboard droned. "Call from Southampton?"

"Mr. Gilbert? This is the hospital at Southampton, Miss Hambridge asked me to tell you that Jack Rogers has been hurt. We don't know how badly yet. His horse threw him. She'd like to know if you can come at once."

"Certainly."

"Miss Hambridge says, if you'll go straight to her house, she'll be there. Fortunately, he got Evans at once, and they were on the Merrick road less than an hour later. "Never mind the red lights," Barry ordered. "Keep going."

But Evans was wary, beating the lights when it seemed safe to do so; stopping when it didn't, and pushing the car to its limit on stretches of unpaved highway. Before two o'clock, Evans drew up in front of the Hambridges'. Pat was waiting.

"I've just this minute got back from the hospital," she declared. "Peg's still there, of course. But Jack's arm's broken."

"Nothing worse?"

Pat shook her head.

"The whole thing's my fault," she said, tremulously. "Jack's too young for a pony. Although I had one at his age."

She took him into the drawing-room, where they were joined by her father, who seemed terribly broken.

Between them, they told Barry what had happened. A bit of paper had blown across the pony's eyes, and he had bolted, with Pat after him. She got hold of the bridle, but the frantic little animal had dragged her out of her saddle. Still she had clung, until, maddened, the pony had bucked, and thrown his small rider. Pat had let go then; not without visible and invisible casualties to skin and clothes. Pat's nerves were on edge, and Hambridge rambled on about the "poor kid," and this being "the last straw" for Peggy, and what were they going to do now, with the Ridders coming to Southampton.

And, suddenly, Pat said, "This is Wednesday."

Barry conceded the point.

"We agreed to tell the truth if Jack wasn't free Wednesday."

The Judge's muscles stiffened.

"What do you mean by the truth, Pat?"

"That you saw Kelly after Jack left him."

For answer, Hambridge turned squarely to Barry.

"You're pretty shrewd, Mr. Gilbert," he said, for the second time. "If you were the District Attorney, and heard what I told you here a few weeks ago, what would you ask?"

Barry replied, "I'd ask what was that paper in Kelly's pocket? What was in it to compel an honest man to write

a crooked decision? I'd ask who else might have wanted that paper—and what became of it?"

Both Pat and her father were staring at Barry now, with wide, startled eyes in which lay something like terror. The Judge cried, "We can't face that."

"We've got to face it," Pat said. "We've got to. There's a woman with a sick boy—"

"There's another woman, too," the Judge interrupted. "A woman closer and dearer to me—" He checked himself, remembering suddenly that he and his daughter were not alone. Remembering, he turned back to Barry. "You know how I feel about all this," he pleaded. "I've said repeatedly that we must clear Ridder at any cost. But now you've put my fear into words. They can't convict this boy. What's the difference whether he's free tomorrow or two weeks from tomorrow? If there were any possibility of convicting an innocent man—any innocent man—I'd have no choice. But now—"

The telephone rang in the hall.

"Mr. Winslow on the wire," a servant announced. "Very important, sir."

The Judge went out, closing the door after him.

Pat excused herself. "I think I'd better go to my father."

Barry waited, alone, but his anxiety was great, too, and, at last, he parted the double doors and went into the drawing room.

As he did so, he heard the Judge's voice.

Evidently, Hambridge had just hung up the phone, and was addressing his daughter.

"They've arrested Morano," he said. "For murdering Kelly. What are we going to do now?"

But the girl had seen Barry. Her hand closed over the back of a chair, and she swayed dizzily.

Barry caught her up in his arms.

"It's no use. We've got to have the truth. Who murdered Mike Kelly?"

His grip tightened on her shoulders.

"For God's sake—Pat—darling—was it you?"

"Who murdered Mike Kelly?"

The question was being asked him from every news-stand in New York. Beneath it, in huge headlines, the Globe answered, and accused. In journalistic circles, that story is still referred to as "the big beat": "Who murdered Mike Kelly?"

And, at seven o'clock that night, Morano was "still at liberty." The police hadn't arrested him—in spite of the Globe, and Winslow's message to Hambridge—nor manifested the least interest in his whereabouts. The first show at the Bar was beginning when Tim Laugherty arrived with "Big Bill" Devine.

"Where's the boss?" Tim asked one of the head waiters.

"Upstairs—on the balcony. He's having his dinner."

He was.

Whether Morano counted too much on his pull, or whether he realized the impossibility of escape, no one ever knew. The platinum blonde had urged him to clear out. "What for?" he asked.

"Then he said, 'Even in America, you can't get away with murder forever—not forever, you can't,'" she testified later.

"I'm tired of the whole business," he said. "We might as well have it over."

What Morano meant by that was soon evident.

It was buyers' night at the Coconut Bar. The street-floor was so crowded that the detectives had trouble reaching the stairs.

Tim walked into Morano's little dining room.

"Hello, Luis! They want to talk to you at headquarters," Tim said.

Luis refilled his glass.

Directly beneath him, 20 brazen voices were bawling a chorus:

"Let me be—"

"That's all I'm askin' you. Can't you see?"

"That's all I'm askin' you. Take your hand from off'n my hips. Take your mouth away from my lips. Let me be, that's what I'm tellin' you—"

"I guess you better come along, Luis."

Morano rose.

"I'm not going," he said.

"No?"

"Because why?"

"Because I don't like your boarding house. I don't like that easy chair you got waiting for me. If you're gonna croak me, you might as well do it right here."

"Nobody don't want to croak you," Tim argued. "What's the use making trouble, Luis?"

For answer, Morano gave him the contents of the glass of champagne in the eyes.

"Big Bill" Devine seized Morano's right arm.

And Morano struck with his left—a vicious jab that sent Devine back against an iron pillar.

Only for an instant, however. As Luis came forward, "Big Bill" caught him straight on the chin. It was a terrific blow. It sent Morano spinning against his own chair, and then, over that, through the flimsy railing, and down among the dancers, 15 feet below.

"Let me be—that's all I'm askin' you," came voices, bawling the chorus.

And then a babel of voices.

Screams, cries, shouts for help.

The band was still playing when a "boncer" lifted the boss's shoulders.

He was bleeding at the mouth, and stone dead.

Fourth Time for Holiday Parties

THE Fourth of July, the most important holiday of the summer season, while still of great historical importance, is celebrated in a very nonchalant and same manner. To the majority of persons it means a lazy day spent in the country or at the beach, with dinner served picnic-fashion, under the open sky. Or, another popular method of celebration, writes Ethel K. Ehlen in the Detroit News, is to invite a few friends in for luncheon, cocktails or dinner—very informal and served on the porch or terrace.

Buffet service continues in popularity, and is equally suitable for entertaining in town or country. Even a picnic menu may go buffet style these days, and it is a very satisfactory manner of service.

If this version is selected for celebration in the country or at the beach, paper table cloths, dishes, spoons and forks, simplify matters considerably. And, the setting may be just as attractive as that in which the conventional china and silver are used. A red, white and blue color scheme may be easily arranged, as patriotic appointments in a number of different versions are available.

If the hostess desires something a bit more formal in character, there is a red satin cannon center-piece, which may be filled with surprise favors, and red satin firecrackers as candy or salted nut containers.

For the children's Fourth of July party, red, white and blue snappers and a table centerpiece consisting of a blue patent leather bag, tied with the patriotic tri-colors and filled with surprise packages wrapped in cellophane, is timely and a little unusual. This clever bag of favors is also nice as a gift to a small child.

Nautical decorations in red, white and blue are cool and summery looking and an innovation in patriotic ensembling for the table. Frosted beverages may be invitingly served in tall crystal glasses decorated with navy blue anchors, ships, and the like, the red note being supplied by the cherry garnish, and repeated in the tiny sandwiches which may be cut in the shape of a firecracker. Ice cream and ices, so important in the American summer menu, will be available for the important holiday in suitable color schemes and designs, and may be packed in dry ice for carrying to the beach as dessert for the picnic lunch.

Numerous handy equipment is available for both cooking under the open sky, or adequately packing picnic menus which have been prepared at home. One of the additions to this already large family is a miniature stove, so constructed that paper may be used as the fuel for the fire; or, twigs for such things as steak and other foods that require a greater amount of heat. Wicker picnic baskets, with or without insulating qualities; long-handle forks, broilers and frying pans; thermos jugs and bottles; all help to make picnicking more delightful.

A perfectly grand kind of picnic basket is a kit of leather, simulated leather or wicker, completely equipped with utensils, china and cutlery, and plenty of separate compartments for packing sandwiches, salads, relishes, desserts and so on.

Cellophane is a wonderful picnic aid for wrapping practically any kind of picnic edibles. Paper table mats, table cloths and napkins, are fashioned of white and designed in such a manner they have the appearance of linen. Paper cups have gone more attractive and practical too—late versions are equipped with handles, which makes drinking an easier process. They, as well as plates and serving dishes are patterned after china, having a smart gold band as the effective decorative medium.

The Fourth of July celebration in the modern manner may take the form of a picnic in quite primitive fashion, or in a more pretentious style, like that just described. Or, if one does not yearn for the open road and sunny beach, the holiday may be gloriously celebrated with informal entertaining at home, with appointments and decorations in patriotic themes. Any of these interpretations are timely and in keeping with the modern scheme of things.

Continental Congress' Meeting

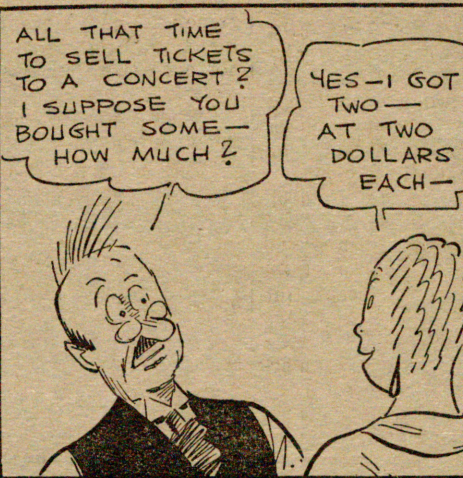

It was in Carpenters' hall, a short distance east of Independence square, that the first Continental congress assembled on September 5, 1774. The second Continental congress met in Independence hall, May 10, 1775.

Sandwich Was Fresh

"Was that sandwich quite fresh that you sold me just now?" asked a customer in the snack bar, says London Tit-Bits.

"Quite, sir," the assistant assured him. "Each sandwich we sell is wrapped in transparent, airtight paper."

"Dear me!" was the reply. "I do wish I'd known about the paper!"

Destroying Equilibrium

"That former enemy of yours is paying you a great many compliments."

"Yes," replied Senator Sorghum, "and I wish he'd quit it. One of the easiest ways to throw a man down is to swell his head until he gets top-heavy."

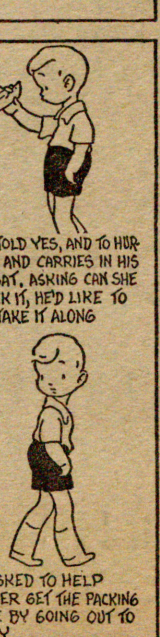

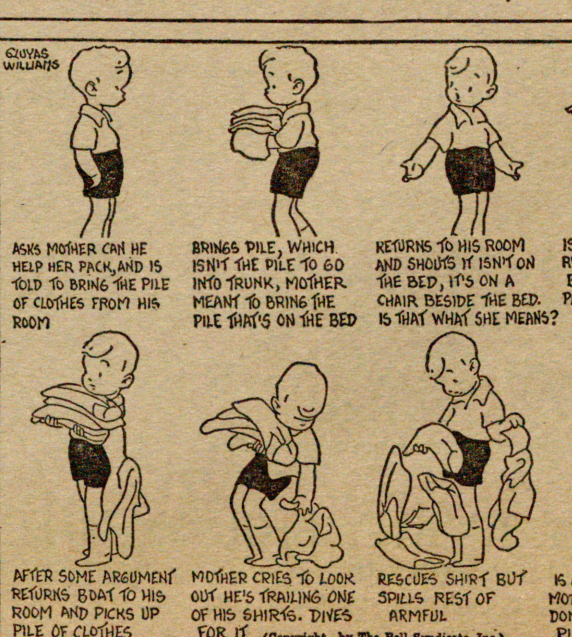

Scientific Methods

"Are you going to make a farmer of your boy?"

"No," replied Farmer Cornstossel. "But just as soon as he gets home from school he's going to teach me agriculture."

Home building MONEY!

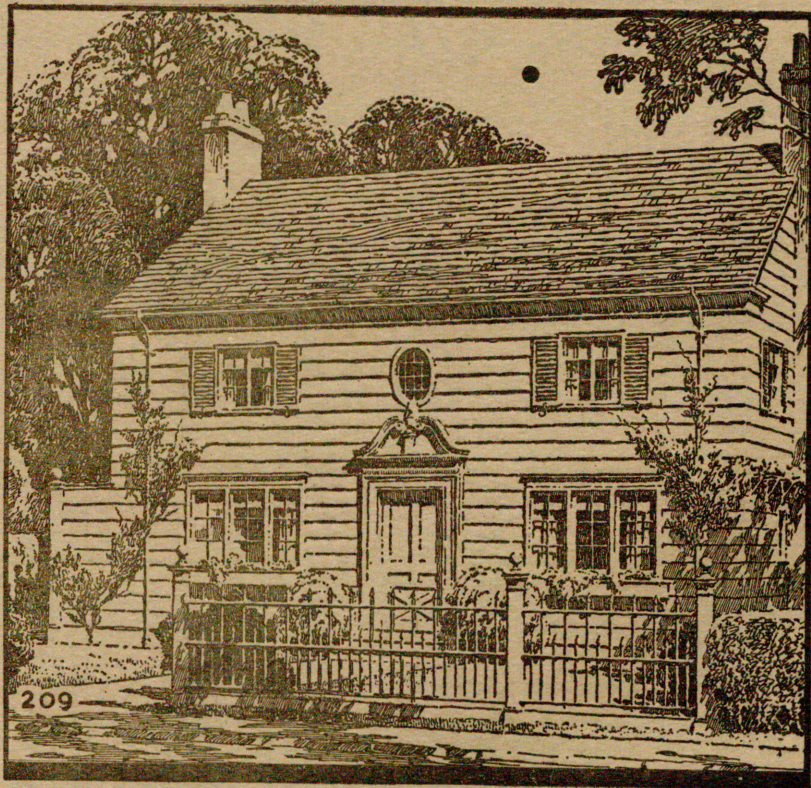

NOW AVAILABLE ● ●

The New Weyerhaeuser Finance Plan

Building money is now easy to get—and easy to pay back! With the new Weyerhaeuser financing plan, you are now able to purchase a home and pay for it like rent.

Under this economical financing plan, monthly payments pay off the principal and take care of interest, taxes and insurance. Once each month you make these convenient payments. That's all there is to it after the small initial payment is made. There are no cumbersome bills — no periodic lump sums to worry you. Safe, simple and sound financing.

We will arrange all details for you. You choose your ideal home. It's built for you by reliable contractors — and built supremely well. And it's financed for you in a way that will make your new home a joy forever. Come in and talk it over.

THE SIMPLE MONTHLY PAYMENT PLAN

Terms as long as 19½ years — with simple monthly payments. Loans up to \$16,000. Nominal down payment. A single, insured mortgage which never requires refinancing.

Repair money also available for owners of old homes. The terms are liberal.
